

# GMAC & TECHNOLOGY Company Profile

2025

# About Us

GMAC & Technology Company Limited is a Tanzanian business development consulting firm, incorporated under certificate number 170037170. The Company specializes primarily in clearing and forwarding services, offering reliable and efficient logistics solutions to facilitate the smooth movement of goods locally and internationally. Our clearing and forwarding operations are at the heart of our business, ensuring compliance, speed, and transparency throughout the supply chain process.

In addition to our core logistics services, GMAC also provides technical support to individuals and organizations throughout their business cycles. We help our clients achieve their goals by offering customized solutions that address operational challenges, boost efficiency, and enhance their market competitiveness.

Our extended service portfolio includes marketing and public relations, advertising, hard and soft skills training, workshop facilitation, and event planning and management — all designed to support the overall growth and success of our clients.
